

Safety at Home

A Checklist by Age

Watching your children grow and develop is a joy, from rolling to crawling and eventually walking. Little explorers are constantly on-the-go, learning by touching and tasting.

In their first three years, children develop at a rapid rate. Yet as they do, the dangers they are exposed to can change. It's important to look at the world through your child's eyes and adapt your safety measures as they grow. Use the checklist as your guide and take action to make your home safer today!

Many parents do not realise that liquid laundry capsules, like all household cleaning products, can be dangerous in little one's hands, with **1 in 5 parents leaving them within their reach (21%)**.

We know that little explorers try to get into everything, so Fairy Non-Bio has designed a NEW 3in1 PODs pack with a "Child-Lock System". The dual action opening mechanism requires a coordinated movement: pinch the latches and lift the lid to open. Easy for parents to master but very difficult for little hands to unlock.

Checklist

Tear me off & keep me!

0-6 months

Development:

Wriggling, kicking, grasping, sucking, rolling over

- ☐ Don't leave your baby on a raised surface such as a changing table
- ☐ Clear crib of loose objects such as blankets and toys
- ☐ Stay with your baby throughout bath time

6 months - 1 year

Development:

Sitting, standing, crawling, putting things in the mouth

- ☐ Cover low sharp corners on furniture with guards
- ☐ Clear the floor of loose objects such as coins and toys
- ☐ Store small objects such as medicines, marbles and batteries out of reach and sight of children

1-2 years

Development:

Moving about, reaching high up, finding hidden objects, walking and climbing

- ☐ Tie back blind cords
- ☐ Ensure handles of potential falling objects such as pots and pans and vases are out of reach
- ☐ Make sure stair gates are fitted at top and bottom of stairs to prevent falls

2-3 years

Development:

Being adventurous, pulling and twisting, watching and imitating

- ☐ Don't involve children in the laundry process or in lighting fires
- ☐ Securely close packaging of household products and store them out of reach and sight of children
- ☐ Start simple safety-training, teaching your child which hazards to stay away from at home

All ages

- ☐ Close liquid laundry capsule packs with a click and always keep away from children
